

How do I access Google services?

In order to access services on Google, you must login with a Google account. Concordia University of Edmonton has integrated their internal staff and faculty directory with Google accounts. This means that you can use the same email address and password as you use for logging into a computer on campus (e.g. john.doe@concordia.ab.ca in the format of firstname.lastname@concordia.ab.ca). To login to your Google account, go to <http://www.google.ca/> and click the Sign In button located in the top right-hand corner.
