What is my CUE ID card for?

Identification

Your Concordia ID card can be used as identification for various events or activities both on campus and off.

Your ID card also serves as your Library card for the CUE library. You also use your ID card to login to the multi-function printers (MFPs) to do your printing /copying/scanning.

Funds

ID cards have two separate built-in account balances for on-campus use:

1. Cafeteria purchases
2. Printing

Through Online Services, you are able to view these balances and add funds to either of them. You can also add funds at the Bookstore.
